📍 C-colony, near saibaba temple Araku valley,531151,Alluri Sita Ramaraju (dist),Andhra pradesh. 📅 26/10/2002

🇮🇳 Indian 👤 Male

objective

Seeking a position in a dynamic organization where I can launch my career and work towards building a strong skill set

Education

2020 – 2024 Rajam, India	Bachelor of Technology:ComputerScience and Engineering GMR INSTITUTE OF TECHNOLOGY CGPA:6.5
2018 – 2020 vizag, India	Intermediate:Stateboard MPC Sri Chaitanya Junior college CGPA:8.0
2017 – 2018 Rajam, India	School: Stateboard St.Joseph High school percentage: 60

Skills

programing languages:C,C++,Python

Database:SQL

CS core: DSA,DBMS,OS,CN

SoftSkills: Teamwork,Patience

Projects

Scene text detection and recognition using Deep Learning

- The main objective of this project is to classify the text of the image is detected and recognized in the case of complex background also it can be able to detect and recognized with the help of image preprocessing and it's techniques like thresholding and grace scaling methods making the text resolution high and reduce the noise of the text.
- The models like OCR and Pytesesract are used in the text detection and recognition process.

Certificates

Object Oriented Programming in Java
Coursera

Introduction to machine learning
AWS ACADEMY

Algorithm Toolbox
Coursera

Languages

- Telugu
- English

Interests

- Reading Biographies
- Playing E-sports,
- Listening Music

Achievements

- Solved 100+ problems in codechef

Declaration

I here by declare that the details furnished above are true and correct to the best of my knowledge
